

### Could System Grievance Committee in Session Here To-Day.

ENGINEERS, TRAINMEN AND TELEGRAPHERS REPRESENTED.

The Men Alliance to the West of the Mississippi and the Missouri Pacific and Iron Mountain, but it is supposed that they object to non-union men being employed.

Representatives of the Brotherhood of Railway Trainmen, Engineers and Telegraphers, and members of the several grievance committees of the Missouri Pacific and Iron Mountain Railroad operated in session to-day at the Laclede and Hurst's Hotel. They preserve the most guarded reserve, but admit that grievances exist which they are endeavoring to settle. The representatives of the two roads, other representatives of the railway operatives of these roads and some of the national officers of the railway brotherhoods are expected to be in St. Louis in the conference this afternoon on the ground with neither day nor night. A general call has been issued for the attendance of all the national officers of the brotherhoods along with the members of the grievance committee. It is believed that such is the case.

Michael M. Doherty of Kansas City, Assistant Grand Chief of the Brotherhood of Railway Telegraphers, and T. M. Harrow, Chief of the Missouri Pacific Railroad Protective Board of the Brotherhood of Railway Telegraphers, were in close conference all the morning at the Laclede. The table of room 26, where they met, was stacked high with letters, telegrams and other papers which the two were arranging preparatory to the general office of the union system this afternoon.

They would not discuss the nature of their grievances in a public way, however, but the late strike had anything to do with the matter. When asked whether the complaints about alleged non-recognition of unionism by the Gould roads would figure in the conference this afternoon, they maintained a diplomatic silence, saying if they answered a very question put to them they might tell too much.

Messrs. Harrow and Doherty stated incidentally that the Missouri Pacific and Iron Mountain would be removed next May to St. Louis.

H. W. Cadle of Sedalia, chairman of the Grievance Committee of the Missouri Pacific engineers, is stopping at the Laclede. He declined to be interviewed.

F. D. Collins of Dallas, Tex., W. E. Cross of Dallas, Tex., and J. M. Shugart of Dallas, Tex., held a preliminary meeting at Hurst's Hotel this morning. Mr. Shugart admitted that they were members of the trainmen's grievance committee of the Missouri Pacific. He said at least six members of the committee would be here by to-morrow and at least four of the Missouri Pacific engineers would be here by to-morrow.

Mr. Shugart declined to speak further of his mission, saying there would be plenty of news to-morrow.

It is rumored that the men have come to St. Louis to force all roads in the Gould Southwest system to discharge all non-union men in their employ. At the time of the Debs boycott the Missouri Pacific had no trouble except with a few switchmen, but the Iron Mountain and its numerous branches was almost completely paralyzed by the strike of its engineers and trainmen. The Gould roads, who are the most powerful of the Missouri Pacific, are expected to be here by to-morrow.

At the headquarters of the Missouri Pacific and Iron Mountain no one could be found who admitted having any knowledge of what the grievance committee are here for. General Manager Doherty did not even know the men were in town, he claimed, until a reporter informed him of their presence.

General Superintendent Clark of the Missouri Pacific left for St. Louis this morning to go on a week and general Superintendent Peck of the Iron Mountain is inspecting the road in Arkansas. The Missouri Pacific will consider them, it looks as if the grievance committee will have plenty of time to talk the matter over before holding a conference with anyone authorized to act.

### Death of a Well-Known Citizen at a Rippe Old Age.

Thomas Ingram Dix, a retired merchant of St. Louis, died to-day at his home, No. 409 McPherson avenue, aged 90 years.

Mr. Dix was born in the West Indies, but is closely related to several prominent Southern families of the same name. Mr. Dix was the father of Herbert and Thomas Dix, both well-known young men of St. Louis, and of Mrs. M. A. Fanning, whose family have resided here for years.

Mr. Dix was a member of the St. Louis Club and the St. Louis Athletic Club. He was a very popular man and was well known to all who knew him.

He was a very successful merchant and was one of the leading citizens of St. Louis. He was a very kind and generous man and was always ready to help those in need.

FOR ELECTION PURPOSES.

Robbing Charges Lyons With Allowing

Schwacker to Use a City Wagon.

Deputy Coroner Robbing called at the office of the Inspector of the City of St. Louis this afternoon and accused Inspector Lyons of allowing Chris Schwacker to use one of the wagons of the office for the purpose of carrying men to be registered.

The Deputy Coroner was very angry.

TWO LETTERS.

They May Have Some Bearing on the

Gilmore Assassination Case.

There are no developments in the case of Stephen Gilmore, the switchman, who alleges that he was assaulted by last Sunday night unless two undeveloped anonymous letters which have been received by his landlady, Mrs. Daniel Hogan of 1729 Morgan street, have some bearing on it.

Under the circumstances it seems very probable that the first letter was found on Monday morning shortly after the discovery of the body of Gilmore in his room.

It was lying on the floor and addressed to Mr. Hogan in an illegible hand. The letter could not be made out, but Mr. Hogan turned it over to Detective Kane.

The letter was given to the Western Association, who hoped to use it in identifying the strikers, who were supposed to have been in the room at the time of the assassination.

There was another one of the letters through the mails. It was written evidently by the same person as the first.

It was also turned over to Kane. Nothing was learned from it about the case.

It is a rational way, but finds difficulty in the fact that the letter was written in a very early this morning and had not returned at 10 o'clock.

Railroad Notes.

Col. R. A. Campbell of the Air Line left last night for Louisville.

The representatives of the Louisville lines and the Louisville merchants to discuss rates for the Grand Army encampment in case it is held there next year.

General Superintendent H. G. Clark of the Missouri Pacific left for a trip over the line this morning.

Mr. F. F. Fitzpatrick of General Manager Doherty's office of the Missouri Pacific left for a trip to Colorado.

Sees for Only \$418.89.

The amount involved in the suit of Sophia Koch against Edward H. Ponath and August Brueggemann is only \$418.89, it being a disputed account. The defendants claim to have counter claim against her, but that she has not paid her demands.

FEMININE MEASUREMENTS.

Some of the Associated Results Not

Flattering to American Women.

From the Boston Herald.

Ten thousand women having been measured by scientific authority, it is discovered that the English women are the tallest, the Americans next, however, had the greatest weight, which will surprise a good many, while the English came second and the French again last.

The savants who made the measurements of these delicate matters did not regard the age of the ladies nor did they measure their waists, singularly enough, Americans are said to have the largest waists and the narrowest chests, while women of the Latin races have precisely the reverse.

The Viennese ladies and women of the lower classes are proverbially "laced," but are pulling of the corset strings does not seem to impair their health or in any way detract from their appearance, beyond giving them curves and roundness in song and story.

A superb pair of shoulders, the deep-bosomed beauty of the peasant girl and a tapering waist, associated with youth and refinement, are characteristic of the women of European centers. It will be conceded by statisticians that these women live quite as long as American women whose average shape represents no such specific charm of outline.

Correlation on the Field.

From the Washington Star.

"This is funny," exclaimed the base ball player to the umpire.

"Watermarked," inquired the umpire.

"Yes, yes," said the player, "when you get your mind set on 'hollars' strike! Give 'em a few for me to do but go out."

# A TERRIFIC RAINSTORM. TO IMPRACH JUDGE RICKS.

Hundreds of Feet of Railroad Track Carried Away in Colorado.

BROOK, Colo., Aug. 1.—A terrific rainstorm, the worst in years, swept over western Lincoln county last night, doing great damage and particularly to the railroads.

In the vicinity of Lake Station on the Union Pacific several hundred feet of track was carried away.

Passenger trains were delayed many hours and wrecking trains were sent out from Cheyenne, Wyo., and Denver, Colo., to clear the tracks.

## THE KILLER OF BOB FORD.

Edward O'Kelly Applies for a Pardon and Speaks of Justification.

DENVER, Colo., Aug. 1.—Edward O'Kelly, who is serving a life sentence in the penitentiary for the murder of Bob Ford, slayer of Jesse James, at Cheyenne, has applied for a pardon. As justification for the crime he says:

"The killing of the man was the outcome of previous trouble. At the time of the killing he made a movement for his gun, and thinking he was going to kill me, I shot him."

In his application O'Kelly states that he was born in Missouri, although he denied it at his trial. He is a native of Missouri, and obtained a commission as deputy sheriff for the express purpose of killing Ford.

## HURLED FROM THE TRACK.

A Bad Wreck Caused by a Broken Axle in Pennsylvania.

LANCASTER, Pa., Aug. 1.—A broken axle on a train composed almost entirely of coal cars caused a bad wreck on the Pennsylvania Railroad at Pomeroy, twenty-five miles east of this city, at a late hour last night. Eighteen loaded coal cars were hurled from the track and their contents, aggregating 400 tons of coal, scattered in every direction, blocking the tracks and tearing up the rails. The debris was not cleared away until this afternoon.

## FIFTEEN CASTAWAYS.

# THE CHARGES AGAINST HIM INVESTIGATED BY ATTY-GEN. OLNEY.

WASHINGTON, Aug. 1.—Atty-Gen. Olney decided this afternoon that the charges against Judge Augustus J. Ricks of the United States Circuit Court, Cleveland, O., were so grave a nature as to warrant him in sending the case to the grand jury at Cleveland to thoroughly investigate the matter before impeachment proceedings are instituted.

The charges as formulated against Judge Ricks to the Attorney-General are as follows: "While clerk of the Circuit Court, Ricks was appointed master to assess the damages that farmers should pay for infringement on the patents owned by the Birdsell company, and by agreement of all parties he reported nominal damages, and the reports were not made."

## ABOUT THIS TIME UNITED STATES DISTRICT JUDGE AND JUDGE OF THE CIRCUIT COURT MARTIN WEIKER RETIRED, AND RICKS WAS APPOINTED TO HIS PLACE, JULY 31, 1893. HE THEREUPON AS JUDGE ORDERED A CONFIRMATION OF HIS OWN REPORT AS MASTER. RICKS, HOWEVER, IN THESE CASES, IT BECAME THE DUTY OF THE CLERK TO ASSESS THE DAMAGES TO BE PAID BY THE DEFENDANT IN ORDER TO TAX THE FEES IT WAS NECESSARY TO ASSESS THE DAMAGES TO BE PAID BY THE DEFENDANT.

He then made the fees to be paid by the defendant to be \$20 to \$30 in each case. The claim is that the clerk's fee was due the master, and that the master's fee was due the clerk. The charges against Ricks are as follows: "While clerk of the Circuit Court, Ricks was appointed master to assess the damages that farmers should pay for infringement on the patents owned by the Birdsell company, and by agreement of all parties he reported nominal damages, and the reports were not made."
